Can't Afford a Bicycle for Your Child?

Just Ask!

We will be helping children assemble good, refurbished bicycles that will be available at no cost to West Shore area school age children (with parents permission)

We will also perform minor repairs if your bike needs it! Just bring it along and we will help you fix it!

Registration is required, so we know your needs. Contact the church office at 774-7146 or email at office@trinityumnc.com
